Hey Ashley! How are you? I had to send you a quick message to tell you about a new program that Arbonne launched! It's called ReplenishMe and it's the best thing I've seen to date! It's similar to AutoShip, but take away all the things you don't like about AutoShip and add in things that you can't imagine a company would ever offer!

You can choose the frequency of your orders between 30, 60, 90, or 180 days! You can skip an order or cancel at any time. If you place an order that's \$100 QV which you actually only pay \$80 with your discount! Here's what you get... Free shipping, a choice from the free gift list, which is filled with full-sized, best sellers, and you'll never believe this one but on every fourth order, you get \$50 off! Isn't that crazy? It's only for clients so I can't take advantage of it as a consultant but you can bet everyone else in my house is a preferred client and they're signed up for the program!

So if there is anything you're using consistently or any healthy habit you wanted to start doing... Jump on this! I can help you figure out which consistency would work, and how we can get the most out of it for you!
