

ARBONNE

Inside & Out with

30 Days to Healthy Living

&

DermResults Advanced & DermResults Glow

Our Mission

We empower people to flourish with sustainable healthy living.

The Arbonne Promise

As a company, Arbonne has been driving the healthy living movement forward for over 40 years, creating positive change within the health & wellness industry, within our customers' and consultants' lives, and for the environment. We began by leading the clean beauty movement in 1980 and have continued to evolve and lead as healthy and wellness has become an integral part of our everyday lives.

While some things change, our standards haven't. Throughout the years, Arbonne has been committed to sustainability, and we consider people and the planet in every decision we make. Arbonne is proud to be a Certified B Corporation.

Our Ingredient Policy

We develop each product with meaningful ingredients, continuously raising the standards to find the perfect balance between plant-based, bio-based, and scientifically derived ingredients. We set the standards for our high-quality and effective ingredient policy, and continue to back our formulations with science, clinical research, and third-party certifications.

Proud to "B" in Good Company

Arbonne is proud to be a Certified B Corporation. B Corporations are businesses that meet the highest standards of verified social and environmental performance, public transparency and legal accountability to balance profit and purpose.

B Corps are accelerating a global culture shift to redefine success in business and build a more inclusive and sustainable economy.

Arbonne has set its sights on not being the best company IN the world, but the best FOR the world.

OUR APPROACH

MIND

Enhance positive mindset,
reduce stress, and improve mental agility

BODY

Improve the body's nutrition and
gut-health to support overall wellbeing

SKIN

Enhance the appearance of
healthy-looking skin at every age

The Scoop on Arbonne's 30 Days to Healthy Living Program

The 30 Days to Healthy Living Program is designed to act as a RESET to establishing healthy habits and a healthy lifestyle so you can get more energy, manage weight, and feel fit with clean, vegan nutrition.

It helps you identify how to use food as fuel for the body to optimize how you look and feel, inside and out. It will help you to identify foods you are eating that might not be serving your body well while you focus on adding nutrient-dense, plant-based whole foods.

5 Areas of Focus for 30 Days

1. SUPPORT YOUR BODY'S NATURAL FUNCTIONS AND ELIMINATION ORGANS WITH CLEAN CHOICES

Our body's elimination organs (kidneys and liver) and all of our other organs — such as the intestines, heart and skin (the body's largest organ!) — are impacted by the nutrients we consume, the beverages we drink, along with the amount of sleep we get and the stress we experience. Balanced nutrition and supplements can help support your body's ability to function the way it was designed to work.

2. ELIMINATE FOODS THAT DON'T SERVE YOUR BODY WELL

Fuel your body with plant-based nutrients along with whole foods that deliver the macronutrients that your body needs — protein, fat and carbs. Avoid refined sugar, alcohol, coffee, artificial colors, flavors, and sweeteners that don't support your overall wellbeing.

3. AVOID COMMON ALLERGENS

Many people experience discomfort from eating foods such as gluten, dairy and soy. Temporarily eliminating these from your diet will help you to identify whether you feel better without them in your daily diet.

5 Areas of Focus for 30 Days

4. LEARN TO EAT INTUITIVELY

Instead of counting calories, learn to listen to your body's cues that tell you when to eat or drink. A steady diet of balanced nutrients that's higher in protein and lower in processed carbohydrates and sugars helps to keep your body's energy level consistent throughout the day, helping you avoid the energy slumps that can lead to snacking and over-eating.

5. CHOOSE YOUR SUPPLEMENTS WISELY

Arbonne helps you establish healthy habits for your mind, body and skin. Formulated with plant-based ingredients and co-developed with experts, Arbonne provides nutrition products that are formulated vegan, gluten-free and without gluten, abiding by a stringent Ingredient Policy that prohibits over 2,000 ingredients and endures scientifically rigorous testing.

How to Do the 30 Days

STEER CLEAR

Avoid these foods that are not beneficial while following the 30-day program:

- Artificial sweeteners (e.g., sucralose and aspartame)
- Alcohol
- Coffee
- Dairy
- Wheat- and gluten-containing foods
- Soy (fermented soy such as organic, non-GMO tempeh is an acceptable vegan protein option)

DRINK PLENTY OF WATER

To help keep hydrated and support normal bodily functions, including digestion, try to drink at least half of your body weight (lbs.) each day in ounces of water.

PLAN YOUR PLATE

Eat a balanced plate of vegetables, lean protein, nutrient-rich carbs, and healthy fats for one (or two!) meals. Include healthy snacks as needed to help maintain energy.

EAT EVERY 4 HOURS

Choose a shake to supplement the foods you eat once or twice per day when it's prepared as described below. A shake made on its own with just water and no additional foods may be consumed as a dietary supplement and is not a substitute for a full meal.

LISTEN TO YOUR BODY

Get moving and be active, rest well by getting enough good quality sleep, be mindful of your “why” behind starting the program, track your goals and progress, and gain a community of Arbonne Independent Consultants and Preferred Clients to keep you accountable to your goals.

Experience the Wins

PHYSICAL CHANGES

- Glowing skin
- Feeling more confident in your clothes
- Looking more youthful

MOOD AND MINDSET

- More outgoing
- Feeling more productive
- Improved positivity
- Laughing more
- Managing stress better
- Feeling in control
- Improved confidence
- Positive self-image

FOOD BEHAVIORS

- Healthier relationship with food
 - Mindful eating
- Learning to eat more intuitively
 - Reduced food cravings
- Better nutrition balance in meals
- Feeling less “hangry” in between meals

SLEEP AND ENERGY

- Improved sleep quality
- Waking up feeling refreshed
- Improved feelings of energy

ACTIVITY

- Moving or exercising more consistently
- Feeling stronger and more fit
- Hitting more exercise “personal bests”
- Spending more time outside
- Playing with kids more
- Trying new activities
