Diversity & Inclusion

At CarolPPrentice/ Holistic Health Practices and End-of-Life Services, believe that authentic expression is at the heart of celebrating diversity and championing inclusivity.

Black Lives Matter:

I, Carol P. Prentice, stand in solidarity with the Black Lives Matter movement. My commitment is to foster an inclusive and supportive environment for all students.

Inclusion Matters:

I strive to cultivate environments, both educational and professional, that provide a safe and welcoming space for LGBTQIA+ individuals to express themselves authentically.

Financial Accessibility:

I am dedicated to ensuring that the transformative practices of Breath-Centered Yoga, Ayurveda, Alexander Technique, and my End-of-Life services are accessible to everyone. If you cannot afford my offerings, I'd like to invite you to complete my **Tuition Waiver Request**. I am committed to working with individuals, with a special focus on supporting BIPOC, LGBTQIA+, Veterans, First Responders, and other under-represented communities.

I sincerely welcome anyone and everyone interested in my Holistic Health Practices as a path of healing, self-discovery, and empowerment, and for those in need of End-of-Life care, support, or education, you are invited to be yourself fully and authentically in my community.
