

DISCOVER THE ROADMAP TO SUCCESS AS A HYPNOTHERAPIST

Educate, Empower, Enrich and Elevate

As a Clinical Hypnotherapy Instructor, I talk to a lot of people who want to become a hypnotherapist.

Can anyone become a hypnotherapy coach?

The answer to that question is YES, everyone can learn the techniques of hypnotherapy and coaching.

The roadmap to success in your hypnotherapy journey.

Education

Become educated and educate others is the key to hypnotherapy.

And not every school is created equal. Do your homework and really think about what is best for you.

- Is an online course the best for you?
- Does full-time, fully immersed in hypnotherapy the answer for you?
- Or a year-long program one weekend a month?
- What are the associations that are represented? Are they ones that are formed by the school itself?
- How about an interactive zoom and online on weekends?
- What else is included?

At YOU Academy of Advanced Hypnotherapy Inc we have both interactive Zoom and online portions of the class.

Our course takes 4 months on the weekend and evenings so that you can still work and get your training in. But it is also long enough so you can integrate the lessons for you.

Level 1 of the Personal and Professional Coaching Program designed for Hypnotherapists is included in this course which allows you to take your client to a whole new level of success.

YOU Academy belongs to two associations that support you in your career as well as provide access to personal liability insurance.

The associations are the International Medical and Dental Association-IMDHA, and the International Certification Board of Clinical Hypnotherapy, the ICBCH.

The education you receive will support you to educate your clients. We teach you how to talk about hypnotherapy so that your client feels confident in your skills and so do you.

Empower

A career in hypnotherapy is about being empowered and empowering your client

YOU Academy's goal is to empower you to be the best hypnotherapist and business owner and coach that you can be. A little cliché, I know, but the point of hypnosis is to empower your clients to live their best lives so our job is to empower you to be the best you can be.

Your burning desire is to help people and a willingness to take yourself on, to make a difference in the lives of others. In fact, you have always done so.

During our training, you will experience yourself in ways you never thought you would.

You do the work on YOU first.

You will discover what actually stops you from achieving the success you want to have.

When you have that experience you will be KNOW how to support others.

WE teach you how to set yourself up to win.

Enrich

Enrich your own life so that it is easy to enrich the lives of your clients. It is pretty hard to be in this space if you are worried about how to pay the bills.

At YOU Academy, you will feel enriched in your life as you allow the growth in your own life so that you really can make a difference in the lives of others but can continue that because you have business skills that allow you to continue to make money.

It is so satisfying to know that you and your client no longer has that fear, or that they can be intimate with another, or that the anxiety they had forever is so much less, or that the trauma that they endured is no longer controlling their lives.

To ensure you can continue your enriching work, one must have some business sense so that one can pay for it. Basic business and marketing skills help to prepare you for a great career in this field.

Elevate

Elevate yourself and you elevate those around you.

It is time to Elevate ourselves and others to be great.

You have the ability to become great at what you do.

It does take time and tenacity to become the expert, and you can do it! Being open to creating greatness in your life is the first step.

The best way to learn anything is to be it, see it, and do it. We help you with all three.

To become awesome at what you do takes practice.

As you Dare yourself to Become Great at what you do, you begin to realize that there is no competition.

We can ALL be great.

We call ALL do well.

In fact, it is the only thing that actually works.
Our continuing education programs continue to support you to
elevate your success.
