The PQ Difference

Most attempts at positive change fail because we stop at insight and don't build habits. Sustained change towards a more positive mind requires laying down neural pathways to form new habits through consistent daily practice. That is what this program empowers you to do.

What to expect

15 minutes/day of app-guided practice enables you to establish mental muscles (neural pathways). These exercises are bite-sized to fit your busy schedule and customized based on how you self-sabotage.

Pre-Work Checklist

1. Download the App
2. Start listening to the Audiobook (inside Modules in the App)
3. Try out a PQ Gym Session (inside the Gym in the App)

Weekly Checklist

1. Watch the Weekly Videos over the weekend
2. Complete Coach Challenges (Tuesday - Friday)
3. Attend Pod Meeting

Some people have difficulty in week 4 as we shift to Sage. It is recommended to complete extra PQ reps before the daily coach challenges to get ready to shift to sage.
